Internet Contract
Acceptable On-Line Behavior

Name: _____

Class: _____

Date: _____

Instructor: _____

Use of the Internet provides great educational benefits to students. Unfortunately, however, some material accessible via the Internet may contain items that are illegal, defamatory, or potentially offensive to some people. Access to the Internet is given as a privilege to students who agree to act in a considerate and responsible manner. We require that students and parents or guardians read, accept, and sign the following rules for acceptable on-line behavior.

1. Students are responsible for good behavior on the Internet just as they are in school. General school rules for behavior and communications apply.
2. Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files will always be private.
3. The following are not permitted:
 - a. Sending or displaying offensive messages or pictures
 - b. Using obscene language
 - c. Harassing, insulting, or attacking others
 - d. Damaging computers, computer systems, or computer networks
 - e. Violating copyright laws
 - f. Using another's password
 - g. Trespassing in another's folders, work, or files
 - h. Intentionally wasting limited resources, including through the use of "chain letters" and messages broadcasted to mailing lists or individuals
 - i. Employing the network for commercial purposes
 - j. Revealing the personal address or phone number of yourself or any other person without permission from your instructor
4. Violations may result in a loss of access as well as other disciplinary or legal action.

I have read the rules for acceptable on-line behavior, understand the rules, and agree to comply with the above stated rules. Should I violate the rules, I understand that I may lose network privileges at my school.

As the parent or legal guardian of the minor student signing above, I grant permission for the above student to access networked computer services such as electronic mail and the Internet. I understand that some materials on the Internet may be objectionable, but I accept responsibility for providing guidance to the above student on Internet use both inside and outside of the school setting, and for conveying standards for the above student to follow when selecting, sharing, or exploring information and media.
